Welcome to KIDDE lit

Select a literature type at left to begin exploring the benefits and technology behind this exciting product line.

This collection offers a wealth of product literature on KIDDE brand fire detection products. Find material on powerful life safety systems, innovative signals and detectors, and cost-effective solutions that provide powerful features for any sized application.

Browse the collection by selecting a menu item at left, or explore some of the useful items on the Features Bar above. These are designed to help you find what you need quickly and effortlessly.
VM Series represents the latest generation of life safety control panels for mid to large sized applications. With large multi-message displays, intuitive interfaces, and stylish contoured cabinets — these systems capture the imagination, and catch the eye.
Small Building Fire Alarm Solutions

Select a link below to view the data sheet.

- **VS Value Added Analog Addressable Systems**
  - Electronic addressing with auto device mapping
  - Supports V-Series intelligent modules & detectors

- **FX Non-proprietary Analog Addressable Systems**
  - Easy-to-configure rotary addressing
  - Supports FX-Series intelligent modules & detectors

- **FX Conventional Fire Alarm Panels**
  - Available in 5, and 10 zone (IDC) models
  - Supports CleanMe® dirty detector notification

K85005-0135 – VS Series Intelligent Fire Alarm Systems
K85005-0137 – FX Series Intelligent Fire Alarm Systems
K85005-0126 – FX Conventional Fire Alarm Panels
Annunciation

Select a link below to view the data sheet.

K85005-0068 – FireWorks Incident Management Platform
K85005-0128 – R-Series Remote Annunciators
Audio Systems and Accessories

Select a link below to view the data sheet.

K85001-0587 – Audio Notification System
K85010-0089 – Intelligent Audio Amplifiers
K85003-2709 – Coders
K85001-0638 – Lightweight Medium Power Speaker Arrays
Intelligent Input/Output Modules

Select a link below to view the data sheet.

**Electronic Addressing Compatible with VS Value Added Systems**
- K85001-0644 – High Power Control Relay Module
- K85001-0609 – Signal Modules with Class A Operation
- K85001-0543 – Synchronization Output Module
- K85001-0535 – Riser Monitor Modules
- K85001-0533 – Input-Output Modules
- K85001-0531 – Releasing Module
- K85001-0365 – Universal Input-Output Module Motherboards
- K85001-0363 – Digital Message Module
- K85001-0297 – Input Modules
- K85001-0275 – Class A, B Signal Modules
- K85001-0271 – Isolator Module
- K85001-0241 – Input Modules
- K85001-0239 – Control Relay Modules
- K85001-0237 – Signal Modules

**Rotary Addressing Compatible with FX Non-proprietary Systems**
- K85001-0611 – Analog Addressable Input-Output Modules
Intelligent Initiating Devices

Select a link below to view the data sheet.

Electronic Addressing for VS Value Added Systems
K85001-0592 – Intelligent Detectors and Bases
K85001-0619 – Intelligent Smoke-CO Detector
K85001-0584 – Intelligent Duct Smoke Detector
K85001-0269 – Intelligent PS Detector
K85001-0247 – Intelligent 3D Multisensor Detector
K85001-0245 – Intelligent 4D Multisensor Detector
K85001-0243 – Intelligent Heat Detectors
K85001-0279 – Intelligent Manual Pull Stations

Intelligent Detectors - VM/VS Compatible
K85001-0646 – Intelligent Smoke Detector
K85001-0647 – Intelligent Heat Detectors
K85001-0650 – Intelligent Multisensor Smoke and Heat Detector
K85001-0651 – Intelligent Multisensor Smoke and CO Detector

Intelligent Detectors - FX Series Compatible
K85001-0659 – Intelligent Smoke Detector, Rotary-Addressed
K85001-0660 – Intelligent Multisensor Smoke and Heat Detector, Rotary-Addressed
K85001-0661 – Intelligent Heat Detector, Rotary-Addressed

Accessories
K85001-0640 – Sounder Bases
K85001-0359 – SIGA Smoke Detector Guard
K85001-0325 – Intelligent Duct Detector Housing
K85001-0255 – Detector Mounting Plate

Rotary Addressing for FX Non-proprietary Systems
K85001-0652 – Intelligent FX Detectors and Bases
K85001-0613 – Intelligent Duct Smoke Detector
K85001-0612 – Intelligent Manual Pull Stations
**Conventional Initiating Devices**

Select a link below to view the data sheet.

**Detectors**
- K85001-0643 – End-to-End Beam Smoke Detector
- K85001-0645 – Explosionproof Smoke Detector
- K85001-0632 – Carbon Monoxide Detector
- K85001-0616 – EC5000R Reflective Beam Detector
- K85001-0606 – Smoke Detectors with Auxiliary Functions
- K85001-0598 – Self-Diagnostic Smoke Detectors
- K85001-0595 – 511C Self-Diagnostic Smoke Detector
- K85001-0589 – Rate Compensation Heat Detectors
- K85001-0585 – Two-Wire Duct Smoke Detector
- K85001-0583 – Four-Wire Duct Smoke Detector
- K85001-0560 – Reflective Beam Detector
- K85001-0367 – Rate-of-rise, Fixed Temperature Detectors
- K85001-0261 – PL Series Heat Detectors

**Manual Stations**
- K85001-0588 – Weatherproof, Explosionproof Stations
- K85001-0303 – Fire Alarm Stations, Metal
- K85001-0227 – Double Action Pull Stations
- K85001-0183 – Single Action Pull Stations
- K85001-0371 – Hazardous location Fire Alarm Station
Strobes, Horns, Bells, and Chimes

Select a link below to view the data sheet.

### Indoor Rated Signals
- K85001-0667 – Genesis LED EG1 Series Compact Notification Devices
- K85001-0635 – LED Wall Horns and Strobes
- K85001-0574 – Genesis Chimes and Chime-Strobes
- K85001-0573 – Genesis Wall Horns and Strobes
- K85001-0639 – Genesis Low Frequency Signals
- K85001-0559 – Genesis Ceiling Horn-Strobes
- K85001-0557 – Genesis Ceiling Strobes
- K85001-0369 – 202 Synchronized Strobe
- K85001-0341 – Temporal Horns and Horn-strobes
- K85001-0333 – Fire Alarm Bells

### Weatherproof/Hazardous Location
- K85001-0628 – Genesis Outdoor Horns and Strobes
- K85001-0305 – Harsh Environment Strobes
- K85001-0624 – Hazardous Location Strobes
- K85001-0391 – Horn-Siren Combination
- K85001-0399 – Hazardous Location Bells
- K85001-0397 – Hazardous Location Horns

### Accessories
- K85001-0545 – Signal Master
- K85001-0441 – Bell-Strobe Plate
Speakers and Telephones

Select a link below to view the data sheet.

- K85001-0642 – Genesis Wall Speakers and Speaker-Strobes
- K85001-0641 – Genesis Ceiling Speakers and Speaker-Strobes
- K85001-0626 – Genesis Outdoor Speakers and Strobes
- K85001-0610 – Genesis G4E Strobe Expander
- K85001-0591 – Multi-purpose Loudspeaker, 15 Watt
- K85001-0317 – Integrity Re-entrant Speakers, Speaker-Strobe
- K85001-0315 – Integrity Speaker and Speaker-Strobe
- K85001-0423 – Fire Alarm Telephones
Power Supplies and Accessories

Select a link below to view the data sheet.

**Power Supplies**
- K85005-0127 – Auxiliary Power Supply
- K85005-0125 – Remote Booster Power Supplies
- K85010-0127 – Batteries

**Mounting Accessories**
- K85001-0351 – ADA Station Relocator
- K85001-0495 – Surface Mount Boxes
- K85001-0491 – STI Series Stopper

**Relays**
- K85003-2766 – PAM1 Multi-Voltage Control Relay
- K85003-2765 – Heavy Duty Power Relays
- K85003-2764 – MR700 Multi-Voltage Control Relays
- K85003-2763 – MR800 Multi-Voltage Control Relays
- K85003-2762 – MR100/200 Multi-Voltage Relays
- K85003-2761 – Manual Override Relays

**Other Equipment**
- K85001-0421 – Electromagnetic Door Holders

SpecBuilder

Select the link below to install SpecBuilder now.

Never miss a trick.

SpecBuilder makes short work of your specifications by organizing each element into a familiar Windows tree format from which you can choose precisely what your system specification will contain.

SpecBuilder features CSI format output, automatic paragraph numbering, single-click text previews, and dynamic contents views. Start off with the Quick-Spec Wizard, or a pre-built application template — or build your specification from scratch. Export the finished document to MS Word or any other popular word processor!

And now all your specifications will include the latest system capabilities thanks to SpecBuilder’s powerful Web Update feature. This automatically checks online for changes to the master spec and downloads revised versions directly into your SpecBuilder interface.

Specifications include VS1, VS4, and VM.

Click Here to install SpecBuilder now!

Note: SpecBuilder is compatible with Windows 7 or higher.

For Windows XP or Vista, first download and install .NET Framework v4.
Tools & Multimedia

For Tools & Multimedia, register online or contact us to request a thumb drive.

Image Library... A selection of medium-resolution product photos.

Sounds... Assorted signals and pre-recorded messages.

CAD Drawings... Hundreds of .dwg drawings for drafting and design work.

Use the KIDDEliit Programs Group on your Start Menu to explore these collections.

Collections can also be found on the original source media (i.e.: KIDDEliit thumb drive, etc.) under KIDDEliit/Multimedia.
